After years of
absence, an on-
airport social event
never to be
forgotten! Music
by The Paulson,
Baker & Garvey
Band. Steak
dinner by Uncle
Ralph's Steak
Roast

See Page 2 for
details.

"When old dreams die, new ones come to take their place. God pity a one-dream man." — Esther Goddard, reading from her late husband's diary to the AP just prior to the launch of Apollo 11.

October, 2007

From The President by Pam Tarkington

Just thought I'd bring you up to speed on what's going on at the airport.

We have preliminary estimates on 4CF. At the present time, we still don't have a final determination as to what will happen repair vs. total. Hopefully the final estimates will be in soon. As soon as a final decision is made, you'll know what is going on with this.

When you first drive in you'll notice that we have new driving lamp posts - kudos to Jack Fuller.

The security cameras are in but, unfortunately, are not to our specification and are just not

working as they should. The board is trying to get them either fixed or replaced. No monies have been paid to the installer - nor will they be - until things are corrected in one way or the other.

The mandatory safety seminar is Saturday Oct. 13th. Remember, if you wish to rent club planes, you must attend. If you cannot attend the meeting, we are looking into making a video so that you can fulfill the requirement in this way. Also, by the time of the Seminar, we should have our new audio system in place.

The dance and steak dinner will be October 20th. I hope that all of

you will have a great time. I, at that time, will be in California recovering from some surgery - I'd much prefer to be with all of you! But, have a great time. Believe me, I'll be thinking of you.

I'd like to remind you that at the next general meeting, we'll be voting on an assessment to fix up the interior of 4CF. The assessment will be \$20 with a cap of \$25. Please attend, if at all possible. The BOD wants your opinion - but, frankly, I believe that this is a necessary expense.

I am always looking for your ideas/suggestions - please contact me if you have any - after all, this is our club and I need your help.

Assessment Proposal

At the last General Meeting, in September, Bob Robideau presented a report of the condition of the interior of N9855W. It's in pretty bad shape. He also presented options for reconditioning the interior, which ranged from buying raw materials to buying finished interior kits.

The cost to refurbish the interior is about \$3,000. This year's budget does not allow for that expense. A motion was made by Jim Guild, a member, to have a one-time assessment of \$20 on club members in order to pay for the refurbishment. The motion was 2nd by Eric

Mehserle, and discussion followed. At this month's General meeting, a vote will be taken on the issue of a special assessment, as required by the bylaws. The vote will be whether or not to assess a one-time fee not to exceed \$25 per member to allow the Cosmetic Committee to refurbish the interior of N9855W.

Williamson Flying Club

Wings & Stars Party

October 20th - 6:00pm until midnight
