WFC Member Joe Ebert and daughter Leah leave KOLE after a visit with Grandma and Grandpa.

“Flying does not rely so much on strength, as on physical and mental co-ordination.”

— Elise Deroche, first lady to solo an airplane.

November, 2007

From The President by Pam Tarkington

Thanks to all of you for voting in favor of the assessment to cover the cost of re-doing the interior of 55W. I believe that it is important to have our fleet looking as good as possible and obviously, you all concur with this. Bob Robideau has calculated the final charge and we will each pay \$23.00. I think that this is a good investment for the club.

The safety seminar was well attended. I hope that each of us learned something. Mike has sent an E-Mail on how you can complete the requirement to rent club planes if you were unable to be at the seminar.

If there are any problems, please let me know. As stated before, the only reason for the seminar is to make flying at our club as safe as possible.

As stated before, the 2nd Annual Aviation Day will be held in February. As always; since this is a club event, we are asking for any suggestions for topics as well as any suggestions or ideas on how to improve the format of last year?

All of us on your BOD are striving to make the club a more united organization and increase activities for members.

Hence, I would ask all of you for any suggestions for future activities or projects that we

can do as a club!

As you all know, 4CF has been totaled by the insurance company. Your BOD will meet this week to discuss options. Please E-Mail me - or any member of the BOD - with your suggestions.

The Water line is in, and high pressure water should be flowing this week! The gas line should be finished within two weeks, allowing the buildings on the property to convert from propane to natural gas.

Hangar Leases & Rent

The monthly rental prices of our hangars have not increased in several years, while at the same time costs associated with those hangars have gone up some. There will be an

approximately 10% increase spread across the price structure of the hangar rates. The new rates will be published in the WFC information packet. If you have a hangar now, your

lease will expire on December 31st. The new rates will be effective January 1, 2008. Contact Joe Ebert with any questions. New leases for '08 will be mailed out to renters soon.

WINGS & STARS PARTY

Nearly 80 Williamson Flying Club members and guests were accorded a red carpet welcome at the First Annual Wing & Stars Party held on October 20th.

Wes & Corky Somerville, Mike & Dianne Spange, Simon & Lena Economides and Randy & Kim Christian entered into an evening club setting, as did all who attended the event.

Bob Fratangelo most generously relinquished the "Boy's Clubhouse" for the evening event. He allowed Ellen Cournoyer and Denny Ankrom in the week prior to the party to transform the hangar. The decorations included lighting, a stage for the band, strategic draping at various locations (to shield some of the "Boy Toys") as well as feature original hand painted artwork by guest artist, Sandi DiBiase.

Martie Lauster coordinated the check-in activities as Mike Bebernitz, Mike and Kami-Jo Bjerga, Peter Corsitt, and Frances England & Nancy checked in and received their special Wings & Stars name tags and place cards.

Rick McCutcheon had anticipated attending with Britney Spears clutching his arm, however at the last minute, her publicist called to inform him that she was back in rehab and unable to attend. Sorry Rick, maybe next year. Eric & Dawn Mehserle invited four guests while Don & Phyllis Scordo entertained the famous aircraft designer/builder, Earl Luce and his wife.

Managing the event's electrical requirements, including thousands of tiny lights suspended from the ceiling, was our very own resident "Electron Wrangler", John Lauster.

Glenn Steed & Amy, Ed & Elena Wilkonski, Betsy Foss & Chuck Mangos, Heather Rudy and Duane Sims worked their way to the moist, delicious

Paulsen, Baker & Garvey perform at the Wings & Stars event with attendance by nearly 80 WFC Club members and guests.

chicken and one-inch-thick 18 ounce juicy steaks by Uncle Ralphs. From the looks of it, Jessie Zeck certainly seemed to enjoy his steak. Jim Swan performed admirably as he single handedly represented the WFC Board of Directors. Corky Schoeneman relaxed once he realized he was not going to be cooking for the crowd.

Paulsen, Baker and Garvey quickly captivated the audience through their enjoyable variety of music and entertaining humor. Their instrumental and vocal performance was presented at an appropriate volume for the guests to continue to converse during the show.

Dancing was enjoyed by many, including Carol Ankrom, who undoubtedly

enjoys dancing with "Her Man". The Ankrom couple assuredly were the "most energetic of the evening". While Floyd Johnson with his sweetheart Linda, were reminiscent of a Fred Astaire performance, Mary Lou Schoeneman and friend lured reluctant Mike Shippers and other singles to the dance floor for fun. Tom Walbourne, a long time PBG groupie, had a great time even though the band somehow "forgot" how to play one of his favorite songs.

Chris Kasprzycki, Hazel Doherty and Phyllis Scordo ultimately conceded to join the band as their DooWop girls for a song.

(However, there seemed to be some resistance by their husbands when the Girls asked to go on the road.)

There was a variety of scrumptious appetizers and desserts provided by generous attendees including Tom Doherty's secret recipe apple torte.

The committee members; Archie & Louise Woodworth, Bob & Ellen Cournoyer, Denny & Carol Ankrom, and John & Martie Lauster showed great perseverance in working through a variety of issues to provide a memorable evening for everyone that attended. The committee would like to thank all who attended and also to offer Joe Ebert a special thanks for suggesting the event.
